Trieste, Which Italians Are Attacking.

This is a recent photograph of a scene in the streets of Trieste, in the Italian territory in the possession of Austria. It is just over the eastern border, between Italy and Austria which the Austrians have held since the cession by Italy. It is one of the two cities, Trent being the other, which the Italians are determined to recapture from the Austrians.

REGULAR MEETING OF DIRECTORS HELD

CHAMBER OF COMMERCE DIRECTORS MET YESTERDAY AFTERNOON

REPORTS ARE READ

Report of Sec. Whaley Shows Organization Has Been Busy In Last Month.

A meeting of the directors of the Anderson chamber of commerce was held yesterday afternoon at 6 o'clock in the rooms of the organization on North Main street. Regular routine business was gone through and the only business of importance came before the body was the hearing of the report of the secretary which was as follows:

Gentlemen:— I herewith beg to submit report covering activities of the organization since last report submitted on April 9th. We held no monthly meeting in May.

Clemson Encampment Fund. Secretary appeared before city council and secured appropriation of \$105.00 which with special fund raised was sufficient to pay all indebtedness connected with the Clemson encampment. The total cost of the encampment, as per report submitted to the amusement committee, was \$445, which covered everything, the biggest part of which or about \$200.00 was for freight on tents Columbia to Anderson and return. The encampment, we think, was a success.

Annual Clean-up Day. We participated, as usual, in the annual clean-up day, being a joint affair of the city council, civic league and ourselves. We also believe the results were much better than heretofore. A feature of the occasion was the showing of slides and illustrated lectures to 3,000 school children.

Lower Intra-State Grain Rates. We filed, together with other commercial organizations in the State, a petition for a hearing before the State railroad commission to secure a milling in transit privilege on grain and Edw. H. Richards, manager of the local grain elevator, represented us at the hearing subsequently held in Columbia. The outcome of the hearing was the securing of a modified reduction, and privileges, which it is believed will clear the situation satisfactorily. The new rates went into effect June 1st.

Publicity. We have not thought it wise to expend the necessary money just now for additional publications of our paper, "Aggressive Anderson," as much as we would like to do so, as it acts in the dual capacity of keeping our members informed of the activities of the organization and also as proper literature to be sent out for general distribution. Perhaps this fall we can again continue its publication. We prepared a 2,500-word article on Anderson for the annual guide book of the Atlantic Coast Line—Charleston & Western Carolina Railway, which is used for general distribution throughout the country. We also, at their request, sent 850 pieces of literature on Anderson to M. V. Richards, industrial commissioner of the Southern railway, at Washington, D. C. We have kept up the usual news-story publicity work.

Ad Club Work. The Ad Club has been reorganized as a department of our organization, with its own officers and members; it holds a banquet monthly, is composed of the younger business people, and is doing a nice work. It stands for clean advertising and is creating a better spirit locally in that direction. It has held two window dressing contests, which have been of much value to all.

Hotel. We have attended several conferences connected with the prospect of securing a new hotel for Anderson. And have entertained several outside parties who have come here in connection with the same.

Chautauqua. Our second annual chautauqua was held in the middle of May. It was a success, and we netted as our profits on the same a total of \$403.50, which has been deposited to the general fund.

Civic. Our civic committee has endorsed the plans for a playground movement in Anderson, and is now endeavoring to work out plans to consummate the same.

Agricultural. Mr. W. W. Long, State agricultural agent, appointed Mr. S. M. Myers as county agricultural demonstrator, vice W. H. Garrison, resigned. Mr. Myers has made a great start as demonstrator and we believe will make a splendid man for the work. He has purchased an automobile and is attending strictly to business, and is going to do some real constructive work. He recently held a meeting looking towards the establishment of a second cream route out of Anderson. This no doubt will shortly be arranged. Since no work ever undertaken by the government bids for bigger results, this is an important success.

Girls Canning Work. Miss Garlington, in charge of the girls canning work, is meeting with success. She has also purchased an automobile for her work. She recently held a summer 3-day college for about 75 girls at Anderson College, which is the very best kind of work.

Civic. Through Mr. Ollis Burris and C. F. Spearman a fund of \$135.00 in cash

Wear Gossard CORSETS They Lace In Front \$2.00 to \$10.00 Fitted by our Corsetiere. D. GEISBERG

WHEN you see an arrow, what do you think of? Coca-Cola Of Course! WHY Because it goes straight to the spot!

was made up for the firemen in the P. & N. depot fire, and turned over to them in cash. Invitations were extended to the South Carolina Federation of Women's clubs and Knights of Pythias to meet in Anderson in 1916. We lost both conventions. Our offices were used as the meeting place Group 1, South Carolina Bankers May 25th, last. The secretary attended the 8th annual convention of the Southern Com. Sec. Assn., at Montgomery, May 19-22nd, last.

Agricultural. The special dairying train was here in April, and visited by many farmers. A delegation from the Pendleton Farmers society met with our agricultural committee and the bankers of the city in the interest of the approaching 100th anniversary of the founding of that society. Proper cooperation will be secured from Anderson. The secretary has put in considerable time in assisting in stock collections for the elevator company, which will be ready for business in the next few days. It is a strictly first class plant.

Drainage. No doubt this board will learn with pleasure that all details have been completed on the Rocky River drainage project and that bonds to secure the money for this work will shortly be sold, since it will be remembered that we fathered this move and helped to bring about the factors which will bring it to a successful conclusion.

Traffic. We have perfected an arrangement by which local freight bills will be audited in Atlanta for the benefit of local merchants. This arrangement will shortly go into effect.

Finance. The financial report is attached, as rendered to the executive committee.

Respectfully, PORTER A. WHALEY, Secretary.

PORTER A. WHALEY SPOKE IN CHARLOTTE

Made Address Before Representative Body of Citizens on Tuesday Night.

A meeting of the representative citizens of Charlotte was held in that city on Tuesday night for the purpose of rounding up the chamber of commerce campaign. A number of speeches were made by prominent men among them being Mr. Porter A. Whaley, secretary of the local chamber of commerce.

In reference to his speech The Charlotte Observer had the following: Mr. Porter A. Whaley, secretary of the chamber of commerce of Anderson, S. C., was the last speaker of the evening. He spoke very earnestly and effectively of the great work which a chamber of commerce can do. He described the great opportunity for development which is before the southeastern portion of the country and told of his interest in Charlotte as the leading city of North Carolina and the metropolis of a large portion of two States. Mr. Whaley illustrated the opportunities of work which are before a commercial body in Charlotte by telling what has been done in Chicago, Dallas, and other large cities. He also told of the program of successful work upon which the chamber of commerce of Anderson, S. C., is engaged and of the substantial benefits and advantages which it has secured for the city. Mr. Whaley in conclusion referred to the growth in population and growth in investments in manufacturing enterprises and quoted the figures for a number of cities. The figures for Charlotte for the 10-year period preceding 1910 being an 88 per cent increase in population and a 150 per cent increase in investments in manufacturing enterprises.

Neckwear You've seen some at other places that was called "new," we want you to come in our place and see what really is new. This assortment opened yesterday is the prettiest "there is." STYLES—Priscilla, Dutch and Quaker. MATERIALS—Piques, Plain and Embroidered Organdy. Price 25c, 35c and 50c

General Huerta and Part of Family of 19 at Long Island Home.

Standing from left to right, Captain Fuentes, Mrs. Fuentes, Mrs. Huerta, General Huerta, Jorge Huerta, and Mrs. Jorge Huerta, Grandchildren Sitting.

This is just part of the family of General Huerta, former dictator of Mexico. The photographer who took the picture could not wait till the whole family, thirty strong, consisting of sons and their wives and children, daughters, and their husbands and children and grandchildren could be rounded up. The picture was taken after the big family war, settled at Forest Hills, Long Island, where General Huerta has rented a pretentious home.

Many rich men, so-called, if they should die this week would not leave a cent for their families. Do you see the point?

A Mistake Made by Many. Don't wait for rheumatism to indicate diseased kidneys. When you suffer pains and aches by day and sleep disturbing bladder weakness by night, feel tired, nervous and run down, the kidneys and bladder should be restored to healthy, strong and regular action. It is a mistake to postpone treatment. Foley Kidney Pills put the kidneys in sound, healthy condition and keep them active and strong. Begin taking today. Good results follow the first dose. Evans Pharmacy.
